We can discover something new
And with this
We can change the world
—Our world.

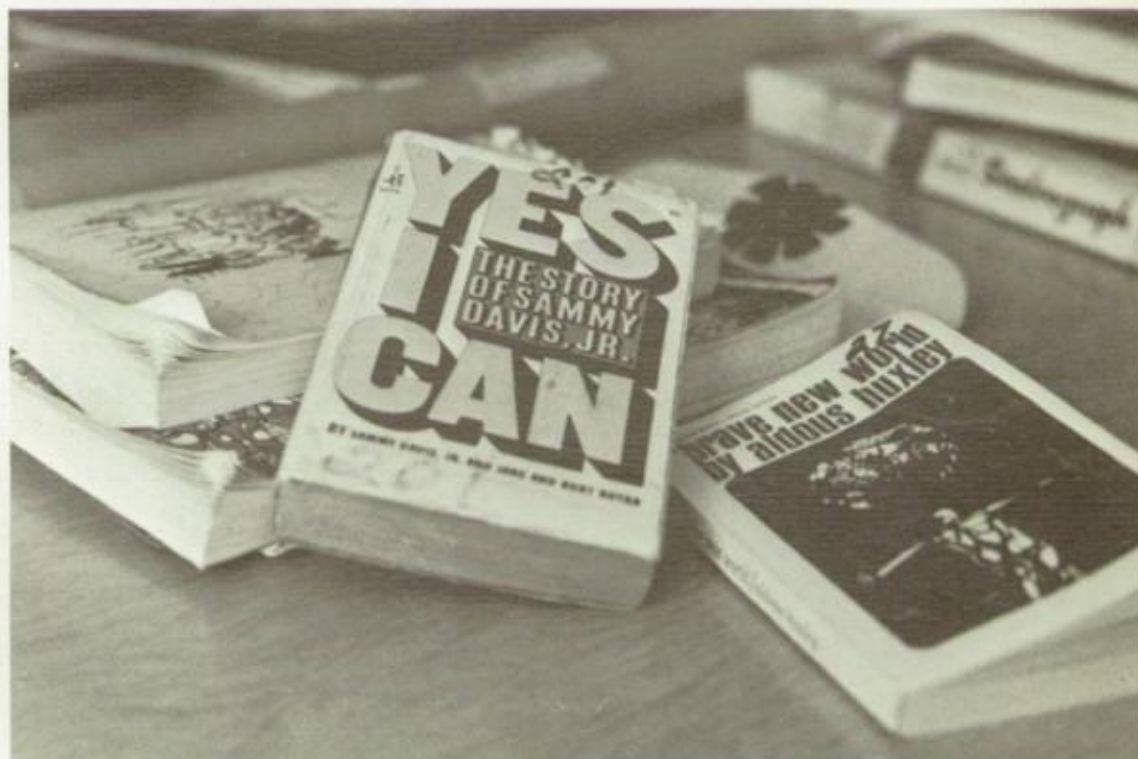

St. Joseph High School
702 Croghan Street
Fremont, Ohio
Volume 19

We can do it
Anyway we want.

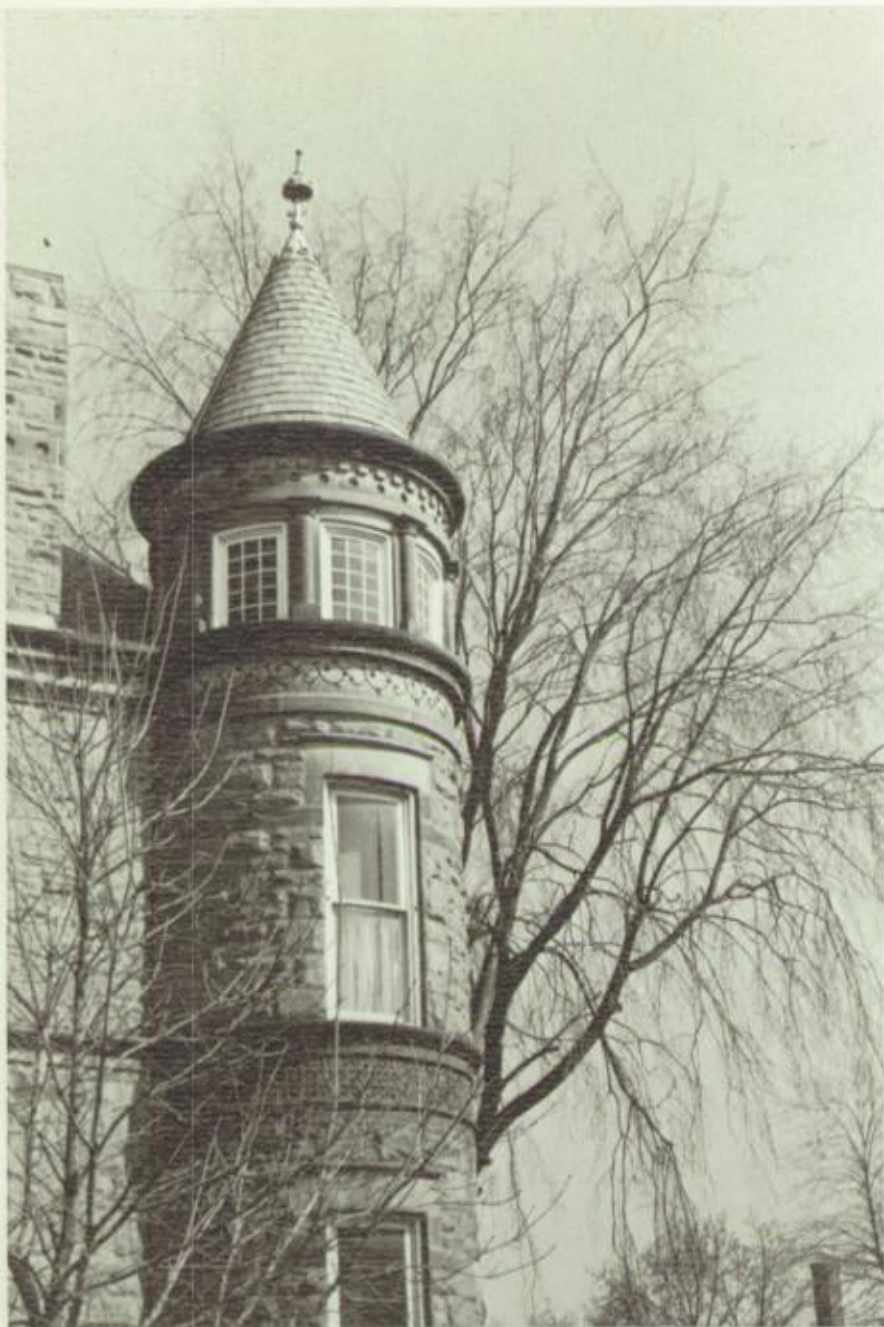

We are the future;
the idealistic ones;
the ones unwilling to resign.

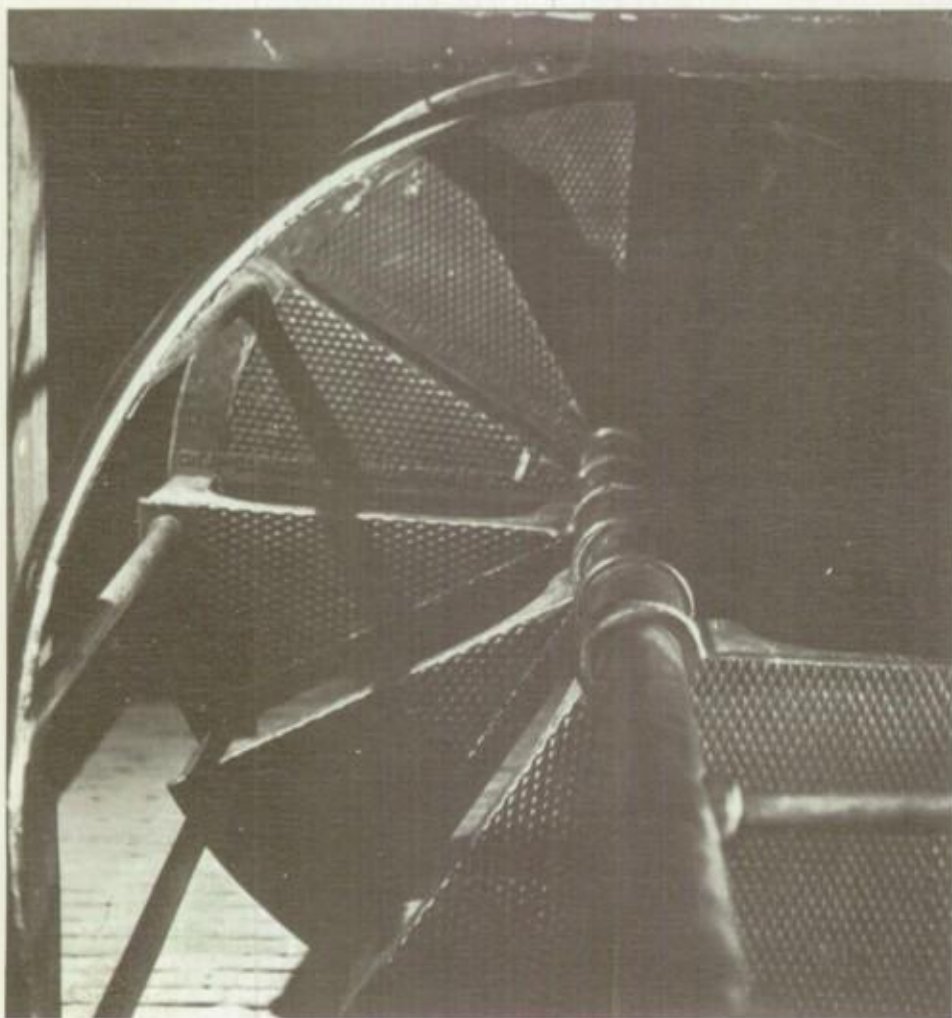

From today's turmoil
we can shape tomorrow
Into a peaceful being.

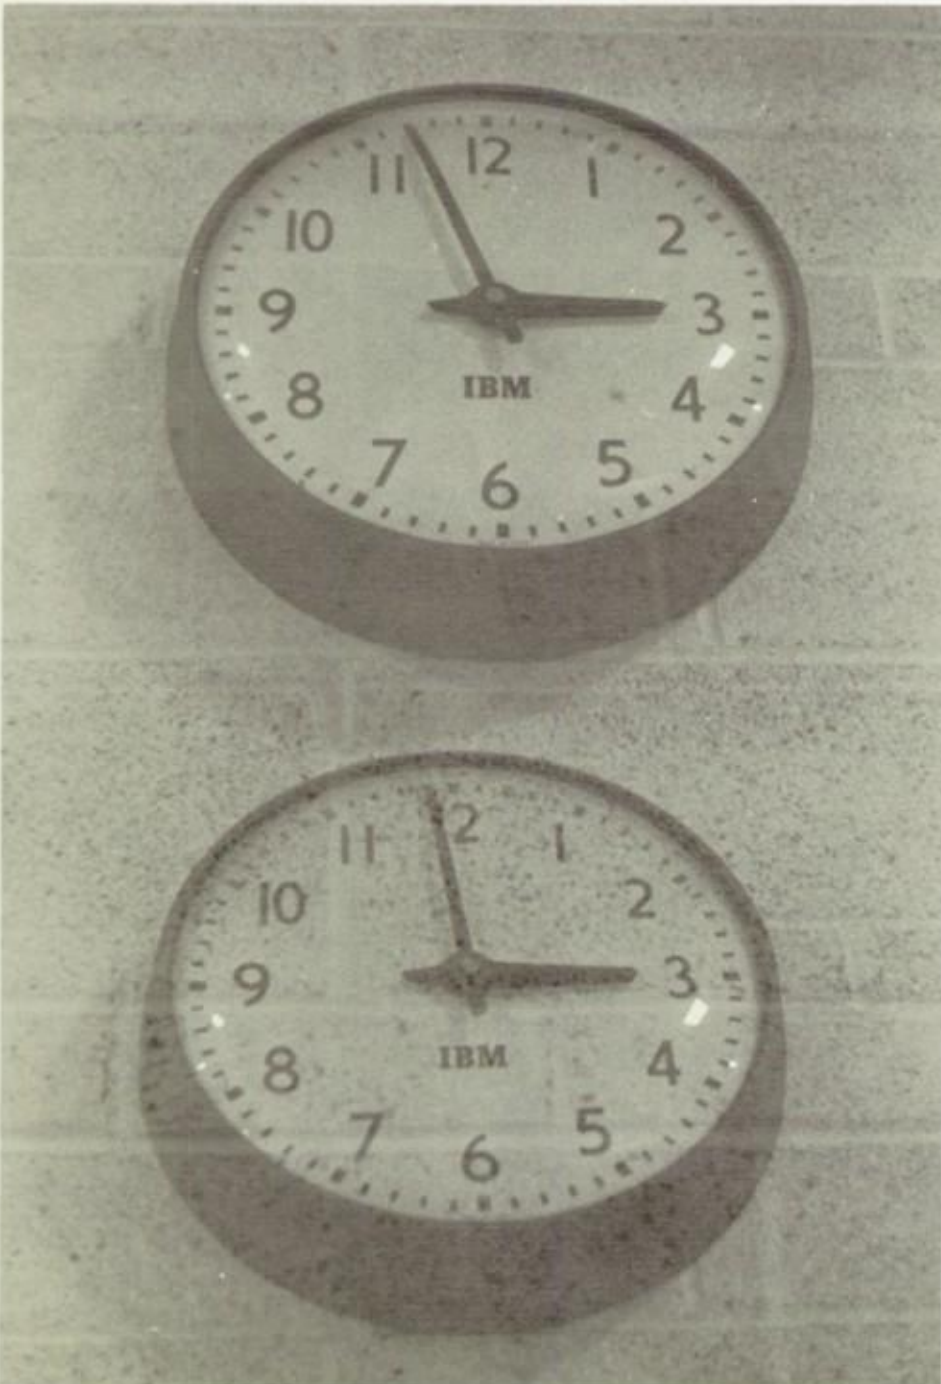

With a grain of strength
We'll build a fortress
The torrents of life
Will not destroy.

We dare with our will
To find the peace
Other worlds have lost
In life's maze.

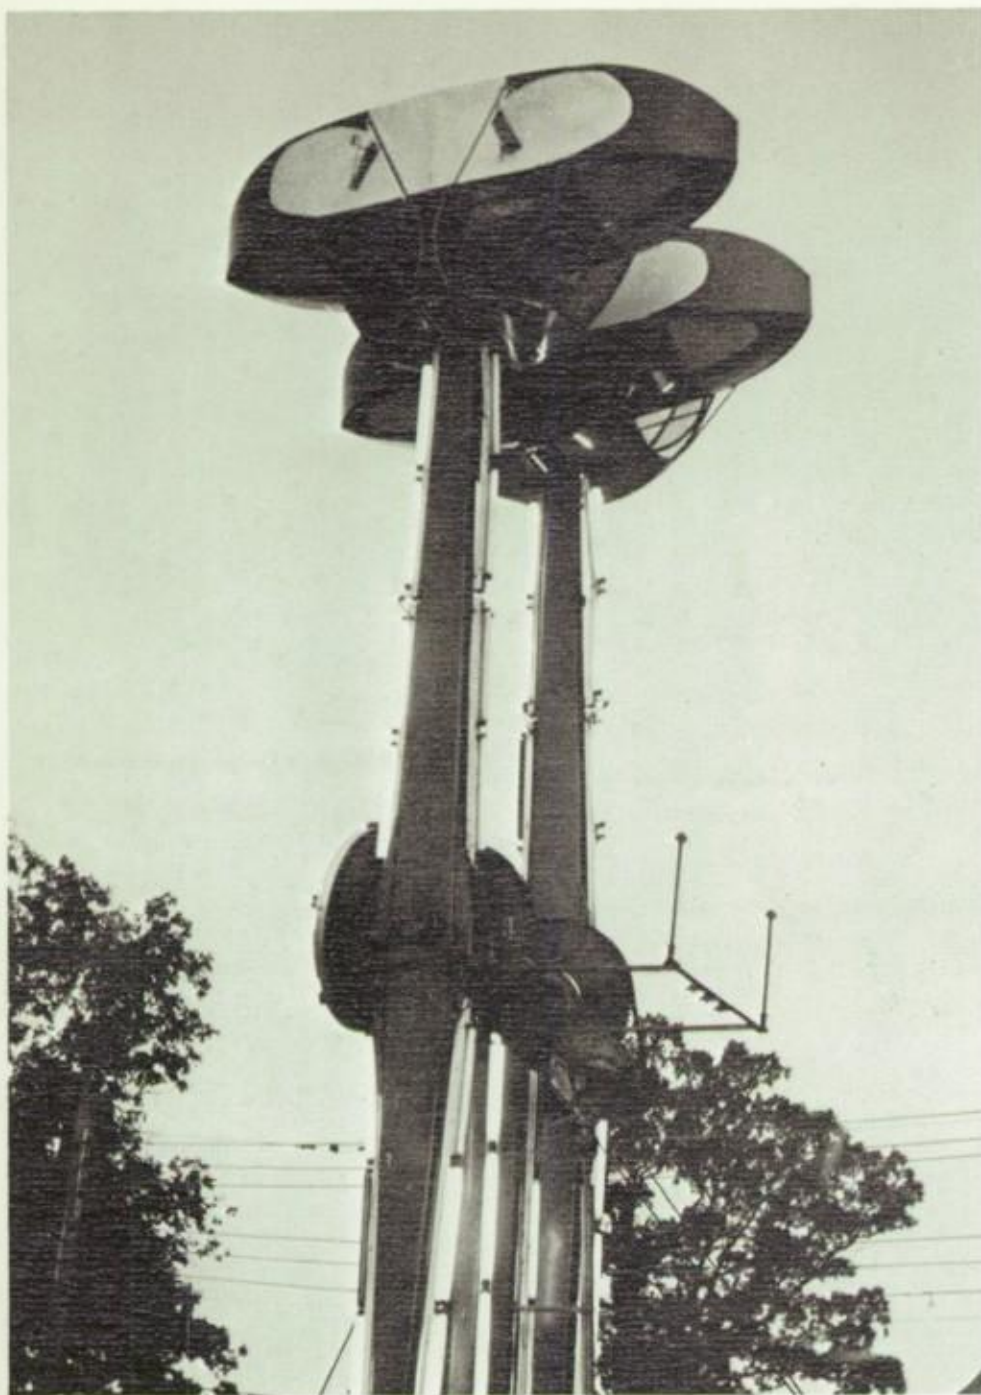

And we'll use that peace
To mend the flaws
Passing time has made.

Where we find
a single tree
We'll grow a forest.

And if we see the need
We'll fall up to the moon
Where God is all
Man nothing.

As we see this dream
Through the minds
Of sleeping children
The world waits-
Awake
To the stark reality of life.

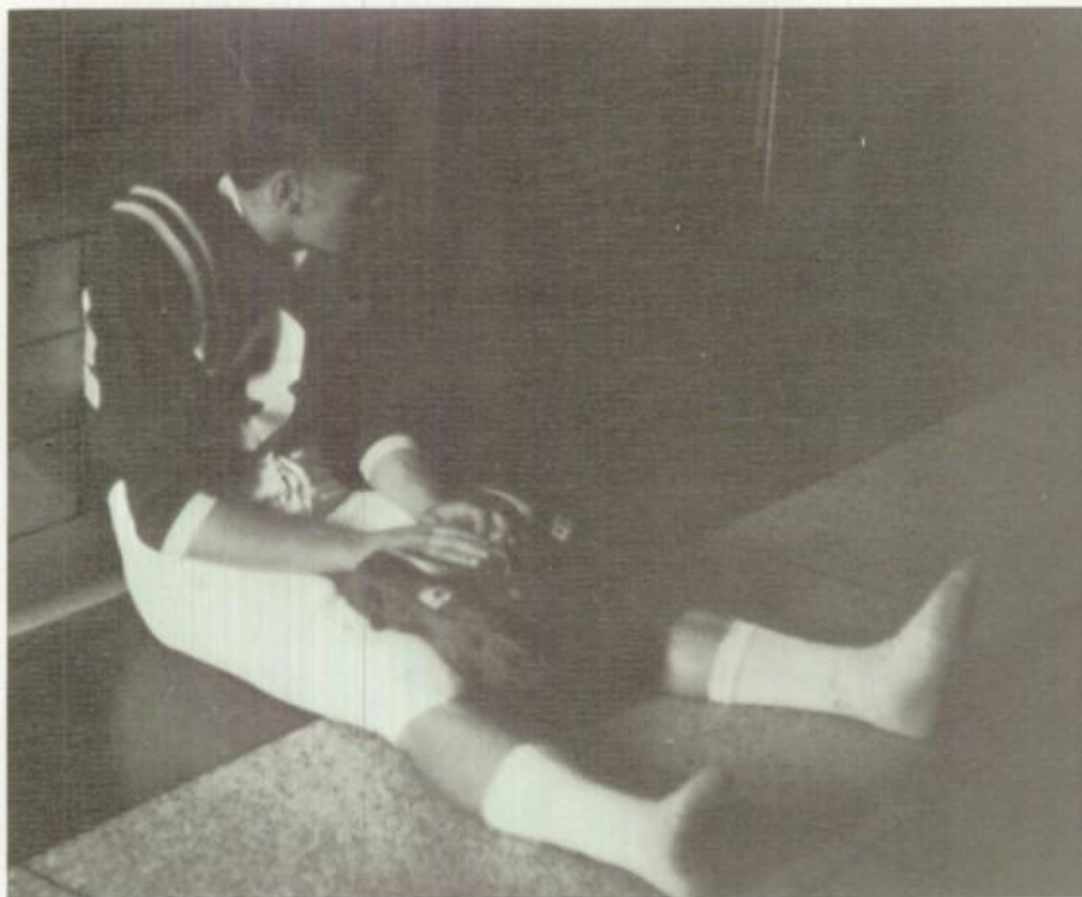

Brenda

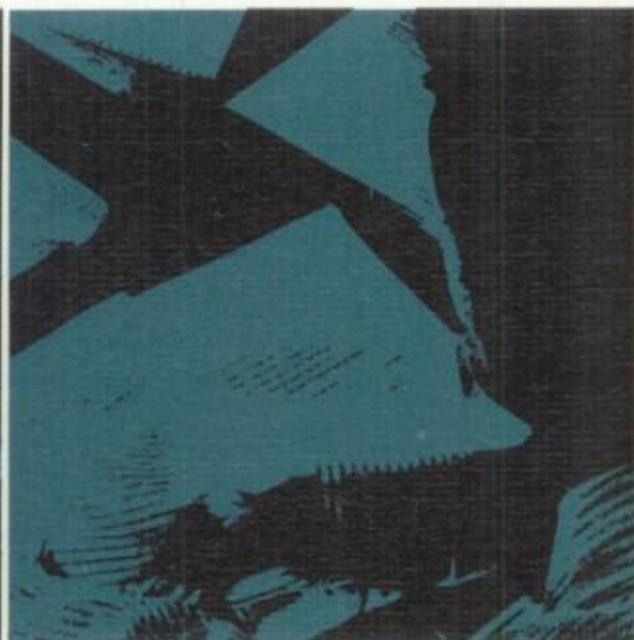

We will lead and rule
Some will be the history-makers
Many will stand meekly as MEN
Our greatness will live forever
In people's hearts.

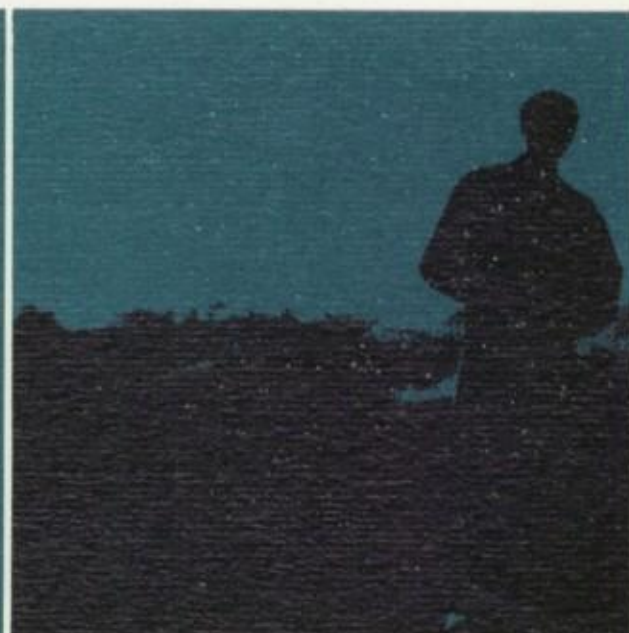

For each of us
There will be a day
We'll say:
"I know I can, I will."

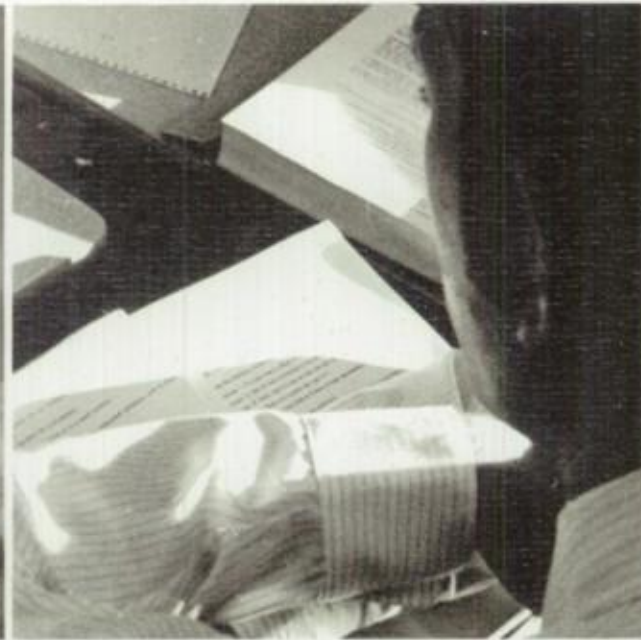

Say it, in a moment it's gone.
But live it
It returns
and returns
and returns...

Coach Smith Concludes 25th Year at Helm of Streaks

A generation of teams have come and gone at St. Joseph's, but one fixture still remains; that of head coach Robert Smith. Coach Smith celebrated his silver anniversary as head of the St. Joe grid squads, and has left behind him a score of remarkable records. His win-loss record of 166-57-8 is one of the finest in the state of Ohio. His teams have accumulated 11 Sandusky Bay Conference Championships, 4 unbeaten seasons, and a 27 game winning streak. One of his personal honors was being named Coach of the Year.

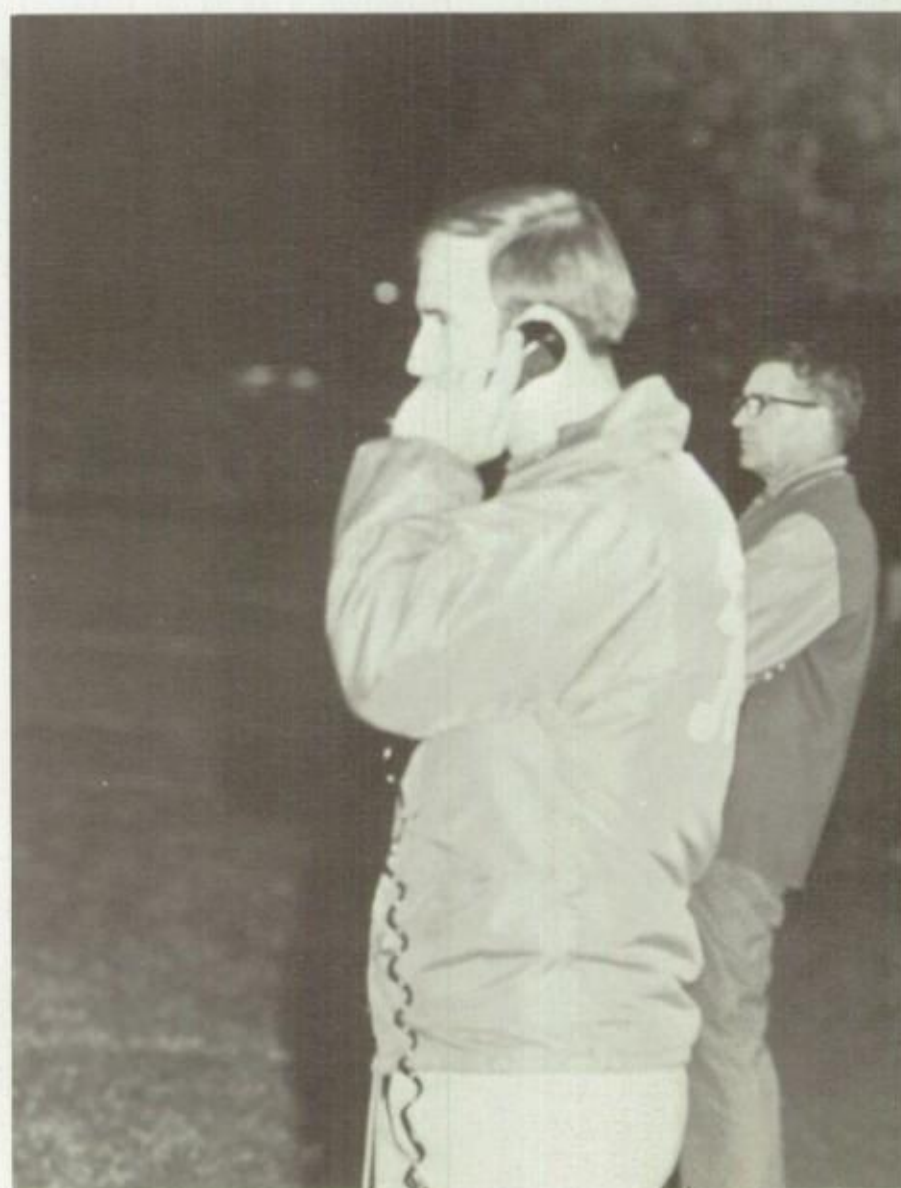

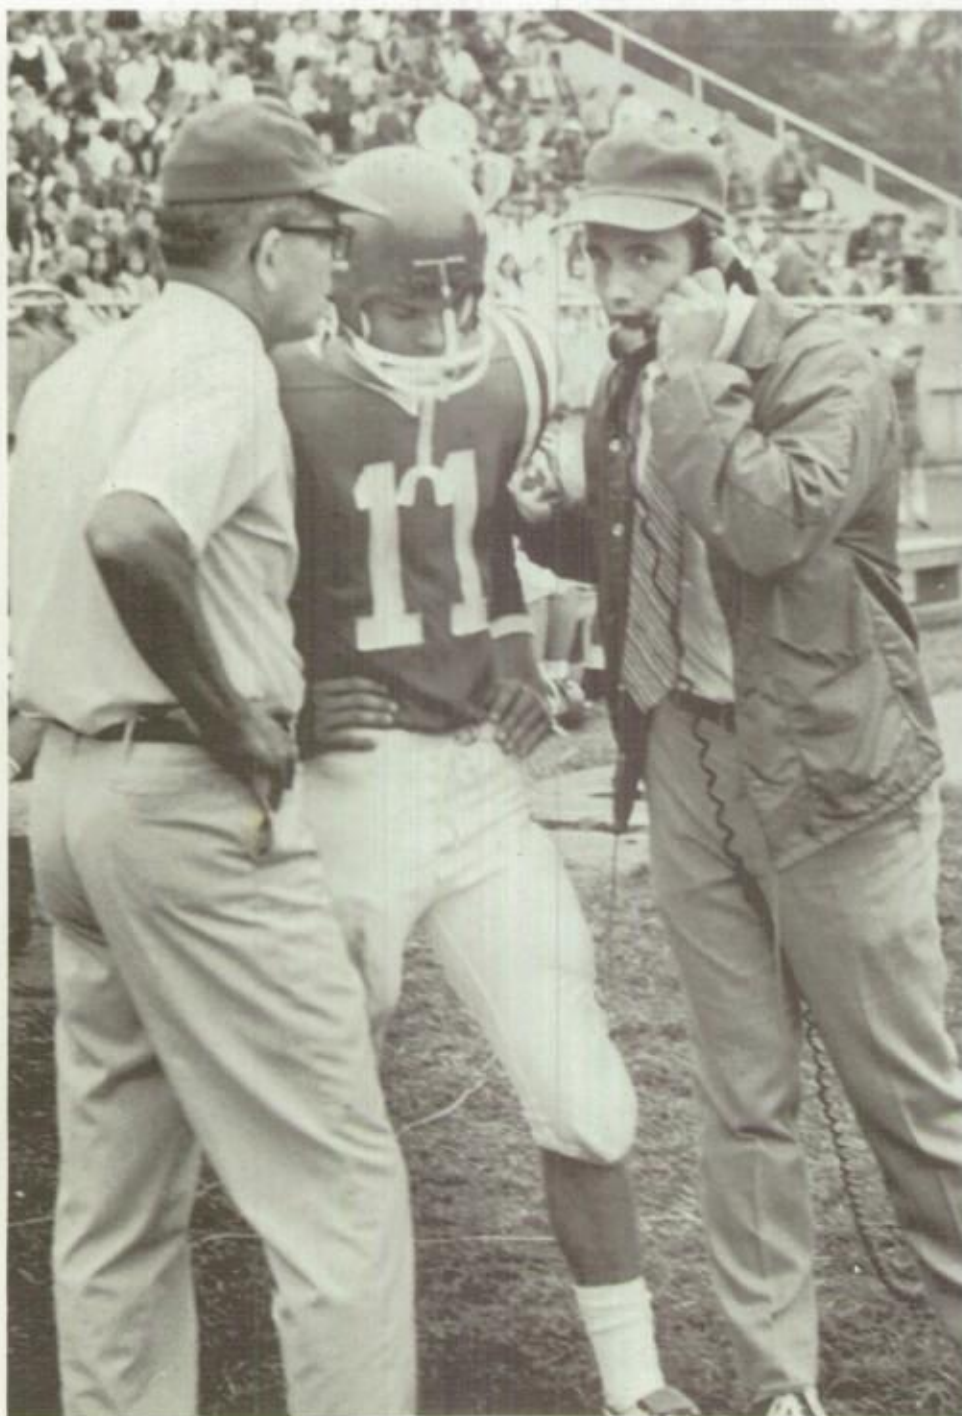

Yet Coach Smith credits the establishment of a winning tradition over the years at St. Joe, to the hard work of the teams. This desire and tradition makes up something very special at St. Joe called spirit. A spirit that permeates through all athletes, and inspires St. Joe teams to victories that many thought not possible. It is this spirit, Coach Smith claims, that has brought our football teams the respect they so deserve. Yet few can deny that Coach Smith has been one of the main architects of not only winning seasons, but the winning tradition that now lives at St. Joe.

With the return of twenty letterman the prospects for an excellent football season were bright. After a disappointing tie with Lorain Catholic, the Streaks roared back with a 37-2 win over the Gibsonburg Golden Bears. The loss of the next two games to Huron and Margaretta were the lethal blows to our hopes of a conference championship. But the Streaks did not let these defeats get them down. They beat state-ranked Sandusky St. Mary's the following week and returned the gold football to our trophy case after a two year absence. St. Joe finished the season in high gear by winning the last five games. The reserve team tallied a 6-0-1 card during their season.

16-2 Season Ties Previous School Record

Favorites for the Sandusky Bay Conference Championship: a St. Joe basketball team hadn't found themselves in this position for many years. Yet, this was the case for the 1970-71 edition of the Crimson Streaks. Summer camps, long and hard practices and excellent coaching had made St. Joe a contender.

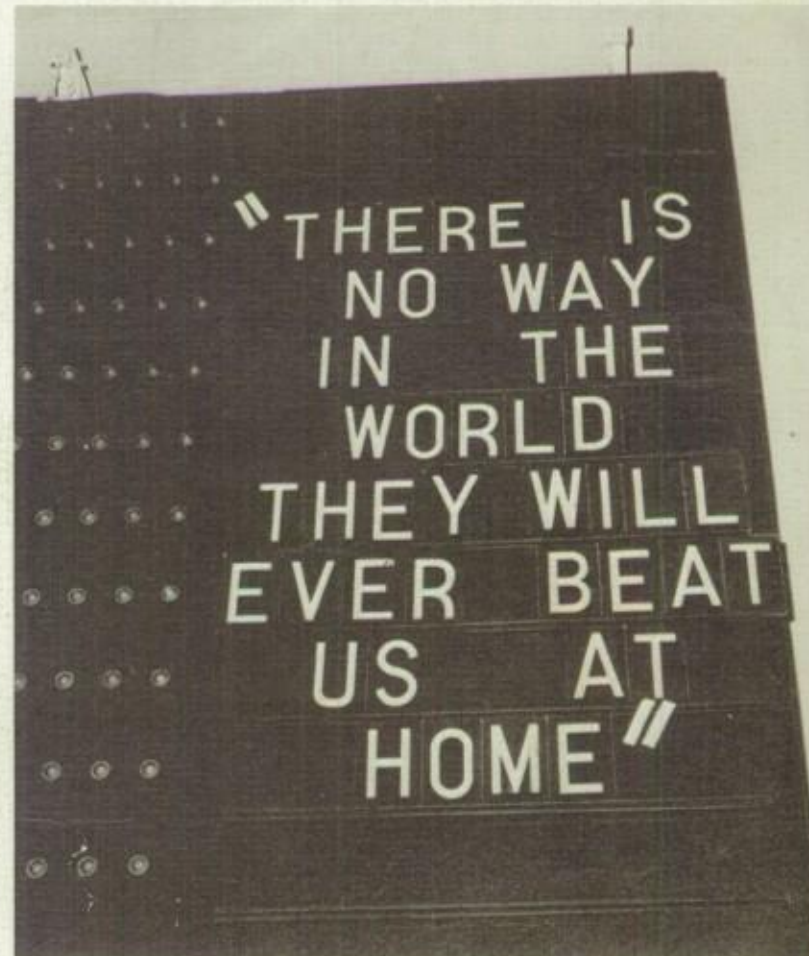

The Streaks went through the first part of their season with relative ease, with the exception of a scare from Lakota. By then, a strong defense and rebounding were recognized as the earmarks of the St. Joe attack. After we crushed Ray Miller's Panthers, we faced our strongest challenge for the SBC championship, Margaretta. An overwhelming second-half performance brought St. Joe a 71-61 victory. Late season losses to Lorain Catholic and Mansfield St. Peter's were the only blemishes on the St. Joe record. With a reserve team having a record of 16-2 and a championship freshman team, another St. Joe sports dynasty could be dawning.

The strain is evident as Dave pins his foe. **Above far right** In this bout, Dan Rusch finally succeeded in pinning his opponent in the third period of the match. Dan wrestled the 185 pound class.

An unusual and pleasant situation faced Gary Logsdon in his first year as head wrestling coach. Last year's entire squad that finished second in the SBC tournaments was returning. With this fine supply of veterans, the grappling squad rolled over their early opponents. They proved their abilities by defeating area wrestling power, Huron. They finished eighth in the Catholic Invitational Tournament at Toledo St. John, an excellent showing for one of the tourney's smallest schools. The Crimson Streaks entered the SBC tournaments as favorites to take the championship, but ended up a disappointing third. Yet, they bounced back with a big win over Lima Central Catholic and Tiffin Calvert in a triangular meet. The Sectional tournament at Northwood resulted in six Streak wrestlers journeying to the District meet at Ross. With this year's fine crop of underclassmen, the future looks good for the Crimson Streaks.

Striving For Satisfaction And Perfection

Talented students expressing themselves
Through various mediums
Working for self-satisfaction and careers.
Creative ability revealed through the 7 Arts:
Painting, Drawing, Film, Sculpture,
Dance, Music, and Drama.
Students of Art Appreciation studying artists
Their styles, lives, works, periods
In order to understand and appreciate the humanities.
Art I,II and III students applying various techniques
And discovering their own.
Experiments-successful and disappointing
Always prove valuable for maturing artists.

Above right Art I student, Mike Tolento creates an original mask with clay, and a little patience. **Below** Before applying water color, Chris Mosser gives her contour drawing a second look.

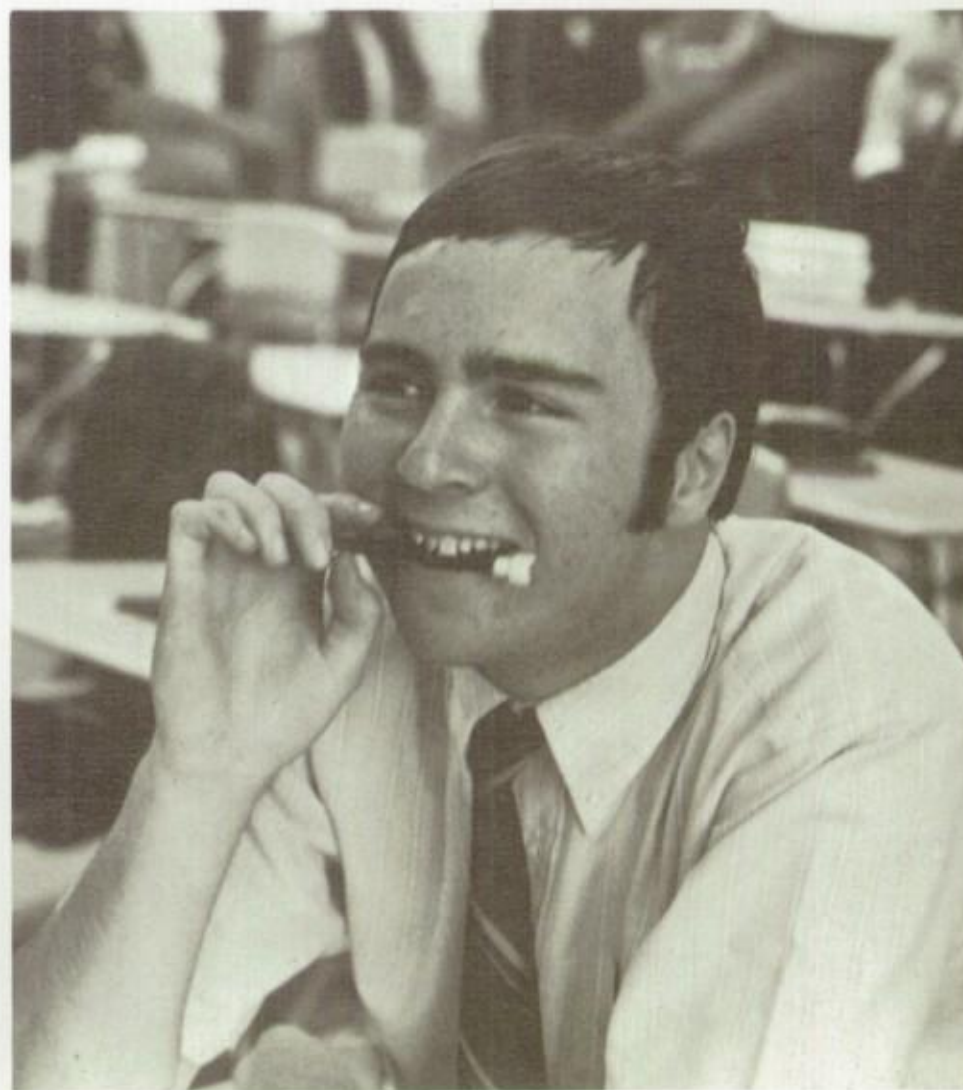

Above left Studying the works, techniques, and styles of famous artists helps the Art Appreciation student better understand the humanities. **Left** Marsha Meyer's artistic ability shines through in this true-to-life portrait of Pam Boukissen.

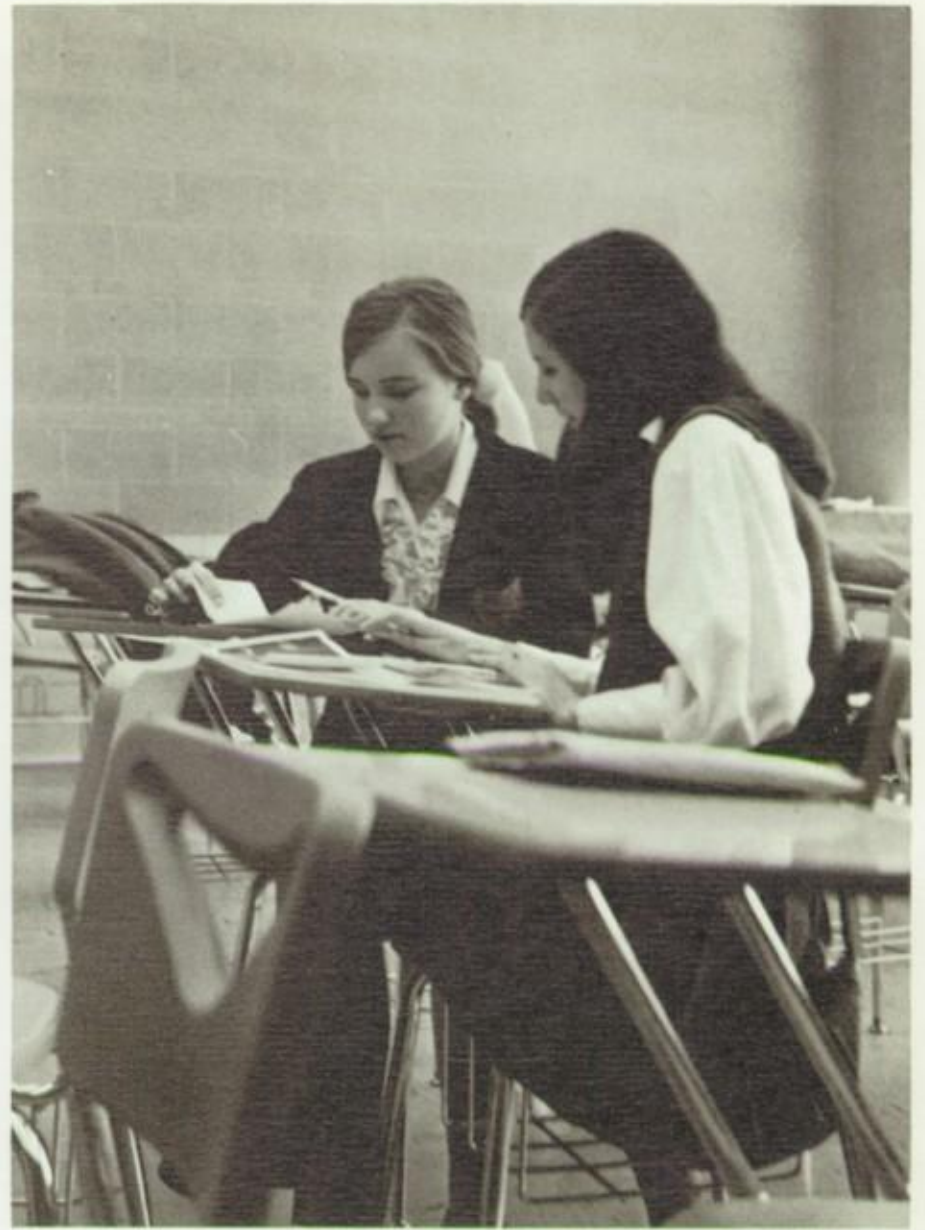

Accomplishing Mission Impossible

The Yearbook staff of '71 would like to dedicate this page to Sister Marciana, in thanks for

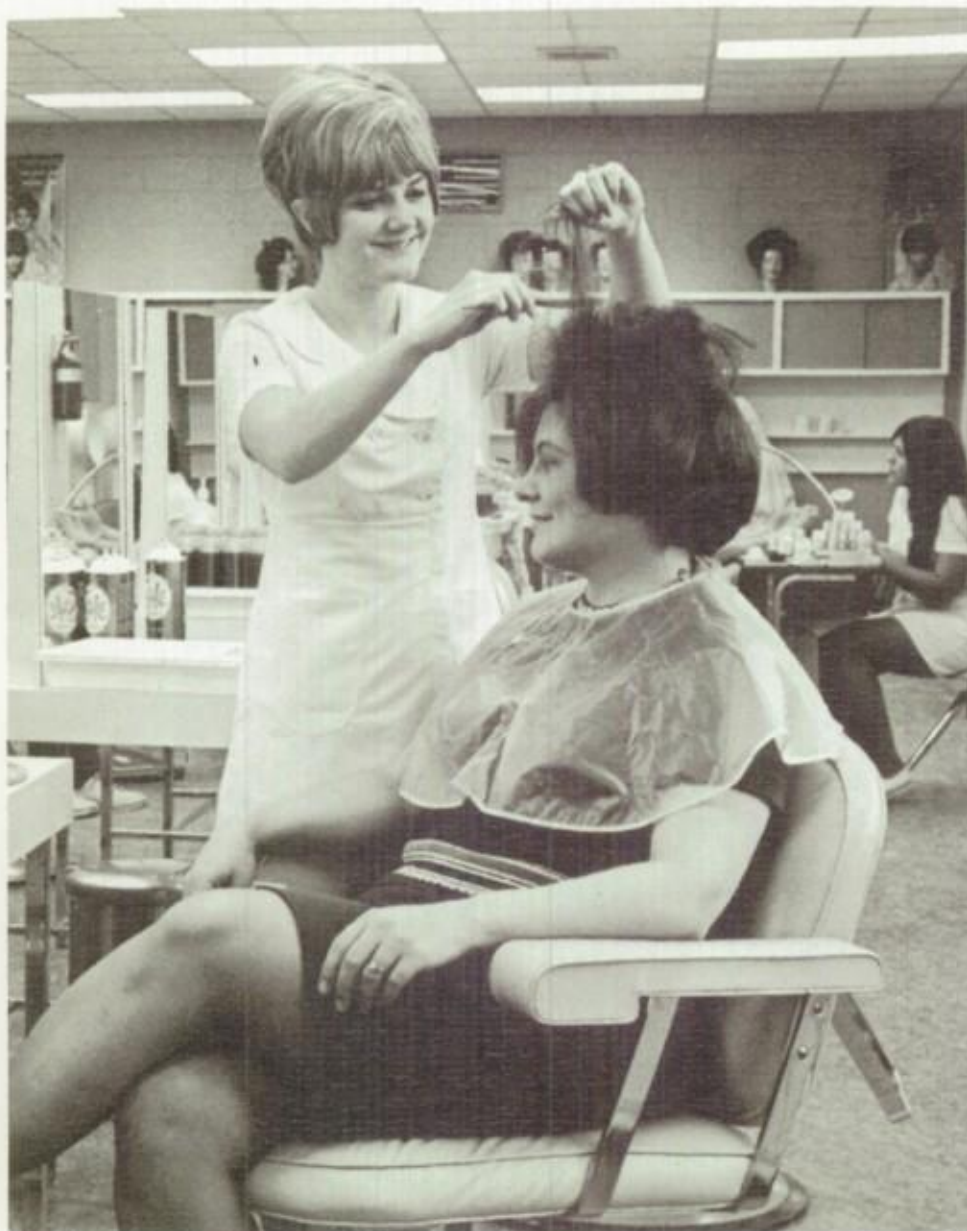

Yesterday's shadows
(Or was it last year!)
Now seem so simple
In the light of today;
You were there
To guide us
To tide our anxieties,
And calm our fears
Your presence is gone
Yet it still IS
In the ray of hope
Shining before us
Over many dark tomorrows
Telling us
WE CAN!

New Techniques Generate Learning Experiences

Vanguard.

Students pursuing their chosen careers

Learning through experience

And on-the-job training.

Using the tools and equipment of their trade

Learning the basics of professions

While seniors enjoy the benefits of part-time jobs.

Child Care, Distributive Education,

Electronics, Drafting, Welding,

Secretarial, Business courses

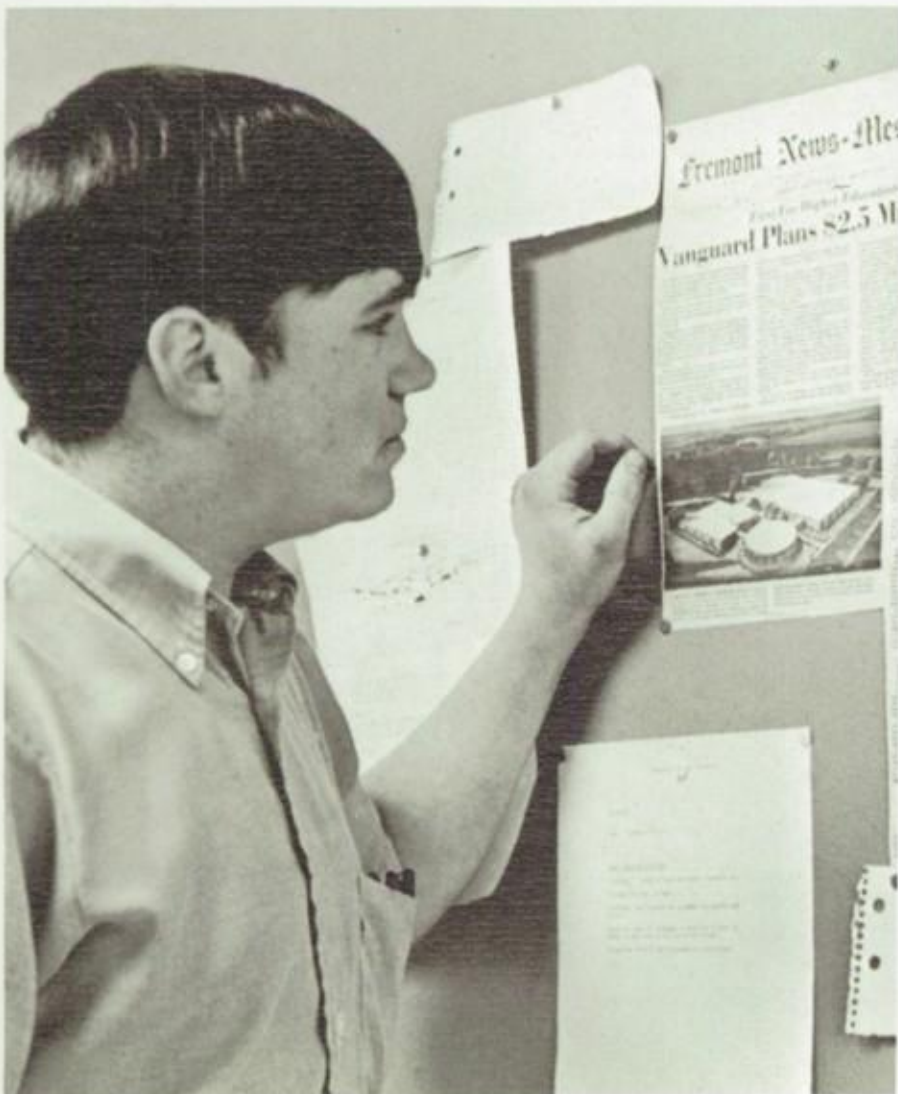

And more.

To get richer experiences

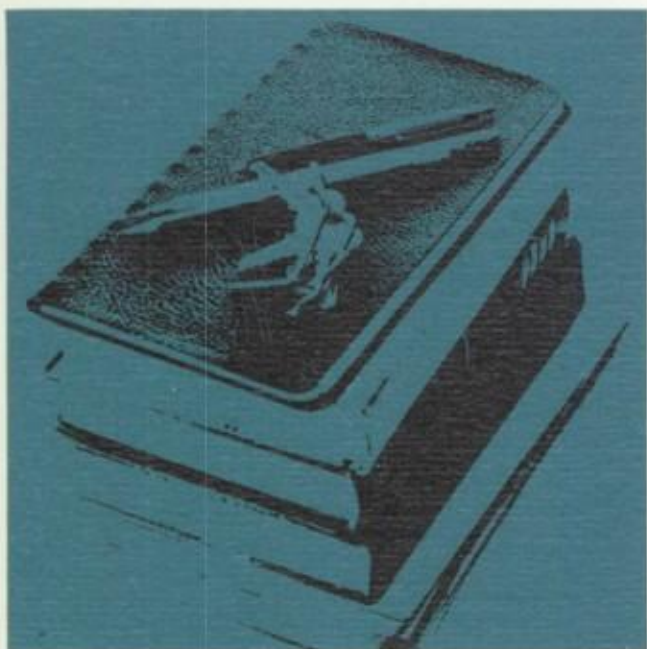

Each year more students seek Vanguard advantages

Proving it a successful system.

Left Kay Chudzinski asks Barb Schwartz to explain a few parts of her Business report. **Below left** Admiring Vanguard's proposed "new look" is Mike Haaser. **Below** Vanguard puts Dan Gonya, a Distributive Education student, to good use by having him take their inventory.

The pages are ended
But the beginning is just in sight.
The doors are open for us
We can walk on through.
No one says, "Wait and let us see"
We have already proved ourselves
For we have shown the world
WE CAN.
152 pages are proof that
WE DID.
